We Know Bugs

NOTICE

Academy Pest Control, Inc. will be treating your apartment on _____
It is impossible to give you an exact time when will arrive at your home, therefore we
recommend you have your apartment ready by _____.

TREATMENT INFORMATION

The treatment will place our product in the cracks and crevices of your cabinets in the
kitchen and bathroom, and around the appliances in your home.

Your apartment will be treated with an odorless, residual insecticide. This product
will kill insects after they come into contact with it. It is normal to see more insects for
several days following our treatment.

TENANTS RESPONSIBILITY PRIOR TO OUR TREATMENT

1. Empty all cabinets in your kitchen and bathroom. Place all items out of the area.
2. Cover all exposed food products, and personal care items.
3. We recommend that all residents vacate their apartments during the treatment and
for a minimum of one hour following the application.

Your cooperation is critical to the successful elimination of any on going problems.

Thank you,

Joshua Boynton
